SOFTWARE ENGINEER

## Profile

I'm a social and passionate software engineer that's not afraid to ask questions.

My favorite programming language is JavaScript, and my favorite framework is React.

I like the challenges that come with programming. There's always something new to learn, many things to improve at, and even more problems to solve.

## Languages

JavaScript - TypeScript - Python - PHP - SQL - CSS - HTML - XML

## Libraries & Frameworks

React.js - Next.js - Express.js - Electron.js - Pug.js - jQuery - Flask

## Miscellaneous

Node.js - Git - Webpack - Sass - Styled components - Flow

## Employment History

### Front-end developer, Floorplanner, Rotterdam

OCTOBER 2019 – PRESENT

- Developed, tested, deployed, and maintained the front-end of the website and the logged-in dashboard while continually reinforcing industry best practices.
- Helped to achieve a consistent look and visual theme across the platform by using uniform fonts, formatting, images, and layout.
- Remained knowledgeable in new standards, technologies, and trends surrounding web- and software development.

## Education

### MBO / HBO, REA, Eindhoven

AUGUST 2018 – APRIL 2020

Web development

### MBO, Curio, Breda

AUGUST 2016 – OCTOBER 2017

Software development

## Hobbies

During my free time I like to learn and improve my skills, while tinkering on my own projects.

I enjoy listening to music, surrounding myself with friends and family to play games, watch a serie or a movie.
